

eLCAr

**Learning Material: Introduction to concepts
and learning material development**

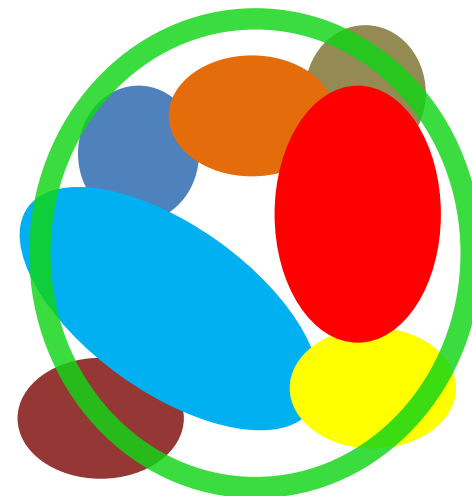

Why Learning/Training Material?

- Additional project outcome as requested from the European Commission
- Important part of the eLCAr dissemination activities
- Infrastructure for spreading knowledge
- Enable quick and easy use of eLCAr guidelines

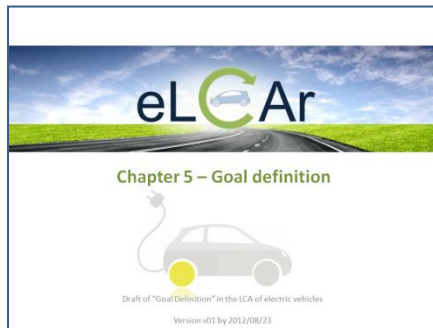

Diverse Target Group & Learning Preferences

- EGCI Projects with LCA included
- LCA Practitioners from industry
- Trainers
- Learners with electric car background
- Learners with LCA background
- Professors
- University Teachers
- Students
- Newbies
-

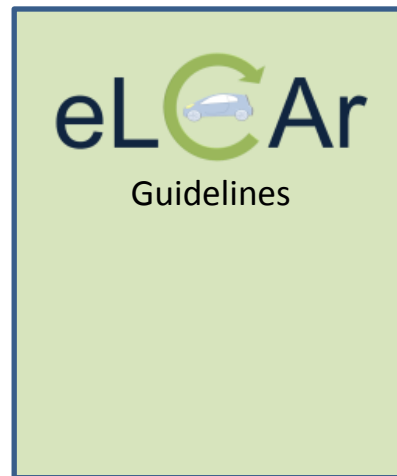

Overview Training Materials

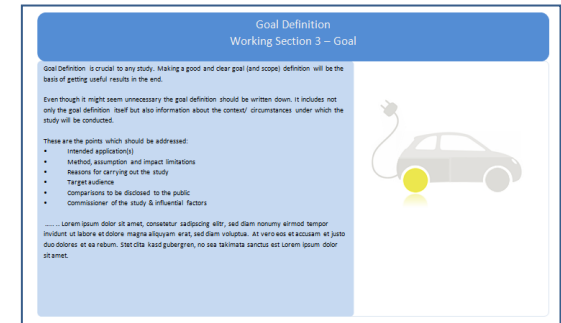

Presentation Slides

- Presentation slides
- Trainer slides
- Group working tasks

Self-Learning Script

- Working Book
- “Where to find” information
- Tasks and Questions
- Overview tables

e-Learning Platform

- WBT (presentation controlled by user / learner)
- Working tasks for single users
- Infrastructure for learning groups with trainer
- User-guides for Trainers and Learners

Methodological Concept

- Modular approach
 - Each Module can be learned separately
 - Possible Shortcuts
- Graphical representation where possible
- Interactive elements
 - quick-test
 - examples
 - questions
 - working tasks

Content of Training Materials

eLCAr

Short Survey (1/2)

A) Your Role (background and LCA experience):

--

B) What type of Learning Material would you like to use?

	 			 
Self learning script (paper based)				
Seminar / Workshop (presentation slides)				
e-Learning (self learning + online seminars)				

C) How much time would you spend on learning / training?

Self learning script	(range of page numbers)
Seminar / Workshop	(days of training)
e-Learning	(learning time spend at the computer)

Short Survey (2/2)

D) The training material will cover most of the content of the eLCAr guidelines. However, can you think of topics that the training materials should focus on in particular and which content is of minor importance for training materials?

important	not important

E) Please feel free to add any general comments concerning the training materials:

--

Thanks for your attention!
